

Clear Plastic Loop Instructions

How to attach your backpack tags using a Clear Plastic Loop:

Step 1:

Insert one end of the plastic loop through the slot in the backpack tag.

Step 2:

Pass the same end back through the other end of the loop.

Step 3:

Pull the loop tight against the backpack tag and pass the loose end through the loop of the backpack

Step 4:

Pull tight and pass the backpack tag through the open end of the plastic loop.

Step 5:

Pull tight. When finished you should have a knot attaching the tag to the loop and then another knot attaching the loop to the backpack. Your backpack Tag is securely attached.
